

The Droitwich Canal is a narrow beam canal, however if you wish to crane a wide berth vessel into the marina, please contact us for mooring rates

With annual, quarterly and monthly payments, the periods will commence, and payment will be due, on the 1st day of the month.

Boats are welcome to arrive at the marina on any day of the month, after registering. A percentage of the monthly rate will apply for the remainder of that calendar month.

Monthly payments – Two monthly payments are due on the first payment date followed by 10 monthly payments.

All payments are due in advance and can be made by standing order, cheque, BACS, debit or credit card. Cheques should be made payable to Droitwich Spa Marina Ltd, and credit cards are subject to 2.5% addition. Late payments will incur a £30/month admin fee

Annual and quarterly payments – only applicable if paid by the due date, otherwise the monthly rate will apply as well as the late payment admin charge per month.

## **Mooring Tariffs 2012**

The mooring rates are based on the length of boat, rather than the length of jetty. It is hoped that this will benefit shorter boats that would otherwise be paying for a longer jetty than they would require.

The tariffs have been designed to give boat owners as many options for payments as possible with annual, quarterly, monthly and some 3 year deals.
